(b) (6)

Dear Representative Roskam,

My name is (b) (6) and I live in your district and I am air traffic controller at the (b) (6). I am facing mandatory retirement on April 30, 2016. I respectfully request your help with the following problem.

Since March 2015 I had been working to make a Military Service Deposit for my active duty for training (ACDUTRA) in the US Navy for the dates of (b) (6). This would make this time creditable towards my federal retirement, put me over 30 years of service and make a significant difference in my retirement benefits as an air traffic controller with the FAA. I received a letter in October 2015 stating that my service deposit was accepted and a notice showing "my payment and time in the Navy were certified correct".

I filed my application for mandatory retirement in January 2016. I was then advised by the FAA/BOC that my documentation for this ACDUTRA was **not sufficient** for them to include with my retirement application. My assigned HR retirement specialist advised I needed a "Statement of Service in my name, on an official letterhead, showing these dates, showing this time as ACDUTRA, and Characterization of Service as Honorable. I explained that I had sought this information in the past to support my request for a Military Service Deposit. My request was denied by the Navy Personnel Command and The National Personnel Records Center. I was advised I would not get a letter and that the documentation I had is all there was. A letter from the National Personnel Records Center also advised me that DD214's are not issued for active duty of less than 90 days so no additional documents were issued other than what is listed below.

I supplied the BOC/FAA the following to justify that this time is creditable and should be included in my retirement computations:

- 1) History of Assignments-showing my service aboard the USS Nimitz for (b) (6) to (b) (6)
- 2) A copy of my Honorable Discharge from the US Navy
- 3) A copy of my Enlisted Performance Evaluation Report for 1986 referring to my time aboard the USS Nimitz and describing my service "highly valued" and being "highly recommended for retention and advancement"
- 4) A letter dated 10/21/15 from the DOI showing my Military Service Deposit as paid in full with an attached Military Service Credit Deposit and Military Service History and Deposit Record showing "deductions and service certified correct"
- 5) A copy of the letter from the NPRC that accompanied my service record request for my Military Service Deposit.

(I have attached copies of these documents to this letter.)

The BOC/FAA still maintains I need a Statement of Service while the Navy Personnel Command and National Personnel Records Center maintain what I have should be enough. I put in a formal written request to both the NPC and NPRC for a statement of service and I am trying other avenues to resolve this issue. It is my fear however that I will be forced into retirement before a resolution is reached. I feel I have documented that I served the ACDUTRA, I served my country honorably, and I paid to have this time credited to my federal retirement. I request your help to have this time credited as documented or to obtain a statement of service that will satisfy the BOC/FAA requirements. In advance, thank you for your help.

Respectfully,

RE:

(b) (6)

Dear Recipient:

Thank you for contacting the National Personnel Records Center.

We are pleased to respond to your request for Separation Documents and Personnel Records by providing the enclosed document(s) this is your entire service record..

DD Form 214, *Report of Separation*, is issued when a service member performs active duty or at least 90 or more consecutive days of active duty training. The enclosed separation document will verify the veteran's initial period of active duty for training. Because subsequent periods of active duty for training were less than 90 days, no additional separation documents were issued.

Separation documents may include the following information: the type and character of discharge, authority and narrative reason for separation, reenlistment eligibility code, and separation program designator/number. If you require a copy of the separation document that does not contain this information, a "*deleted*" copy must be requested from this Center. A seal has been affixed to the separation document to attest to its authenticity.

The Privacy Act of 1974 does not permit the release of personal information without the authorization of the individual concerned; therefore, if present in the record, personal data pertaining to other individuals have been blacked out.

The National Personnel Records Center has no authority to review and approve amendments or corrections to military records. This is a function of the Review Boards of the military service departments.

The enclosed DD Form 149, *Application for Correction of Military Record*, should be sent to the appropriate address listed on the form. The completed form should not be returned to this Center, as that will delay processing of the application.
